

Practicum in Agriculture: Veterinary Medicine 2

Instructor: Keri Barnes

kbarnes01@ems-isd.net

(817) 306-1925 ext. 7629

Course Description

This course is designed to give students supervised practical application of knowledge and skills necessary for taking the Certified Veterinary Assistant exam. Students will work in both the classroom and animal clinics to prepare for the exam. Students will demonstrate professional dress and appearance, interpersonal skills and technical skills in their practicum location. Students are responsible for their own transportation to and from the practicum sites. All students participating in practicum courses are expected to meet the standard of dress / uniform determined by the field-site partner.
