Automotive Technology is a course that introduces the knowledge and skills necessary for the repair and diagnosis of motor vehicles. The primary goal of this program is to prepare students to successfully take the A.S.E (Automotive Service Excellence) certification exams and to gain and maintain employment in the automotive industry. Students will also learn valuable life and employability skills that will help them be successful after graduation in any industry. To promote a safe learning environment in our garage, we ask students to pass the Fusion safety test within the first 6 weeks. This step is essential for ensuring a secure workshop for all and supports continued learning and success in the program.

**Prerequisite:** Introduction to Transportation Technology

Required Fees	
Uniform Yearly Rental Fee-Safety Glasses (ANSI Z87.1 Certified)	\$80.00
ASE Entry Level Certification/Online Study Guides	

All fees must be paid in full by the end of the second full week of school. Payment plans are available.

EMS ISD provides daily transportation between HCTC and the home campuses. Students may drive personal vehicles to and from HCTC with a signed parent/guardian transportation form and a proof of automobile insurance on file at HCTC. HCTC will issue no-cost parking passes after receiving both items. Students are not allowed to transport other students during the school day.
