MEDICAL TREATMENT

FFAC  
ADMINISTRATIVE REGULATION

A student who is injured or becomes ill at school or at a school activity will be evaluated, and the student's parent will be notified if appropriate. If the parent cannot be reached, the parent's instructions as designated in Skyward registration will be followed if necessary.

Administration of medication to students will be strictly governed by FFAC(LEGAL), FFAC(LOCAL), FFAF(LEGAL), FFAF(LOCAL), any related procedures, and the following:

1. Only school administrators may assign to District employees the task of administering medication by any mode, including injectable medication, oral medication, inhalants, topical medication, or rectally administered medication. Only authorized District employees may administer medication to students.
2. District employees authorized to administer medication will be provided orientation, instruction, and supervised practice appropriate to the task. Documentation of the training will be maintained by the campus RN.
3. Medication for a specific student will be provided and brought to school by the parent of the student. Students will not carry medication other than inhaler or epi pen

MEDICAL TREATMENT

FFAC  
ADMINISTRATIVE REGULATION

14. Maintain contact information—with the EMS ISD medical consultant who provides the standing orders for epinephrine and consult with the physicians as needed.
15. Verify that, for each incident, that local emergency medical services were promptly notified when an individual is suspected of experiencing anaphylaxis and when an epinephrine auto-injector is administered.
16. Verify that, for each incident, documentation is maintained regarding required notification of a parent, legal guardian, or emergency contact after emergency administration of an unassigned epinephrine auto-injector to a child.
17. Coordinate an annual review of the District's procedures.

---

The school principal will identify specific individuals, which include trained employees, to administer unassigned epinephrine auto-injectors. Each individual must attend appropriate training. [See Training, below]

Before the start of each school year, the District will provide notice to parents that the District has authorized and trained individuals to administer an unassigned epinephrine auto-injector to a person who may be experiencing anaphylaxis. The District will provide notice within 15 calendar days of any change to these provisions or discontinuation of this service.

If an individual administers an unassigned epinephrine auto-injector to a child, the school will promptly notify the child's parent, legal guardian, or emergency contact as soon as is feasibleM r feasibleM...
